EARTH EXPEDITIONS

GALAPAGOS EXPEDITION

March 16 - March 23, 2027

Join us for a Galapagos adventure. From Quito, Ecuador we fly to the Galapagos for an 8 day-7 night private charter ship adventure aboard the Infinity yacht. A luxurious way to best enjoy the adventure that is the Galapagos islands.

EXPEDITION COST

Suites (Cabin 7 & 8)

There are two Suites measuring 360 (#7) and 376 (#8) square feet, each including a private balcony. Suites are located on the Upper Deck and feature a king-size bed and lounge.

$18,745 per person

Staterooms (oversized) Cabins 1,2,3,4,5,6,9 & 10

Each oversized cabin includes a private balcony. Square footage varies: 237 (#1 & 2), 226 (#3 & 4), 270 (#5 & 6), 247 (#9 & 10). There are 6 cabins on the Main Deck and 2 cabins on the Upper Deck; all have two twin beds that convert to one king bed. Upper Deck Cabins #8 & 10 can be interconnected for families.

$16,245 per person

RESERVE YOUR PLACE

We require a non-refundable deposit of $7,500 (Suite) per person, or $6,500 (Stateroom) to reserve a place on the expedition.

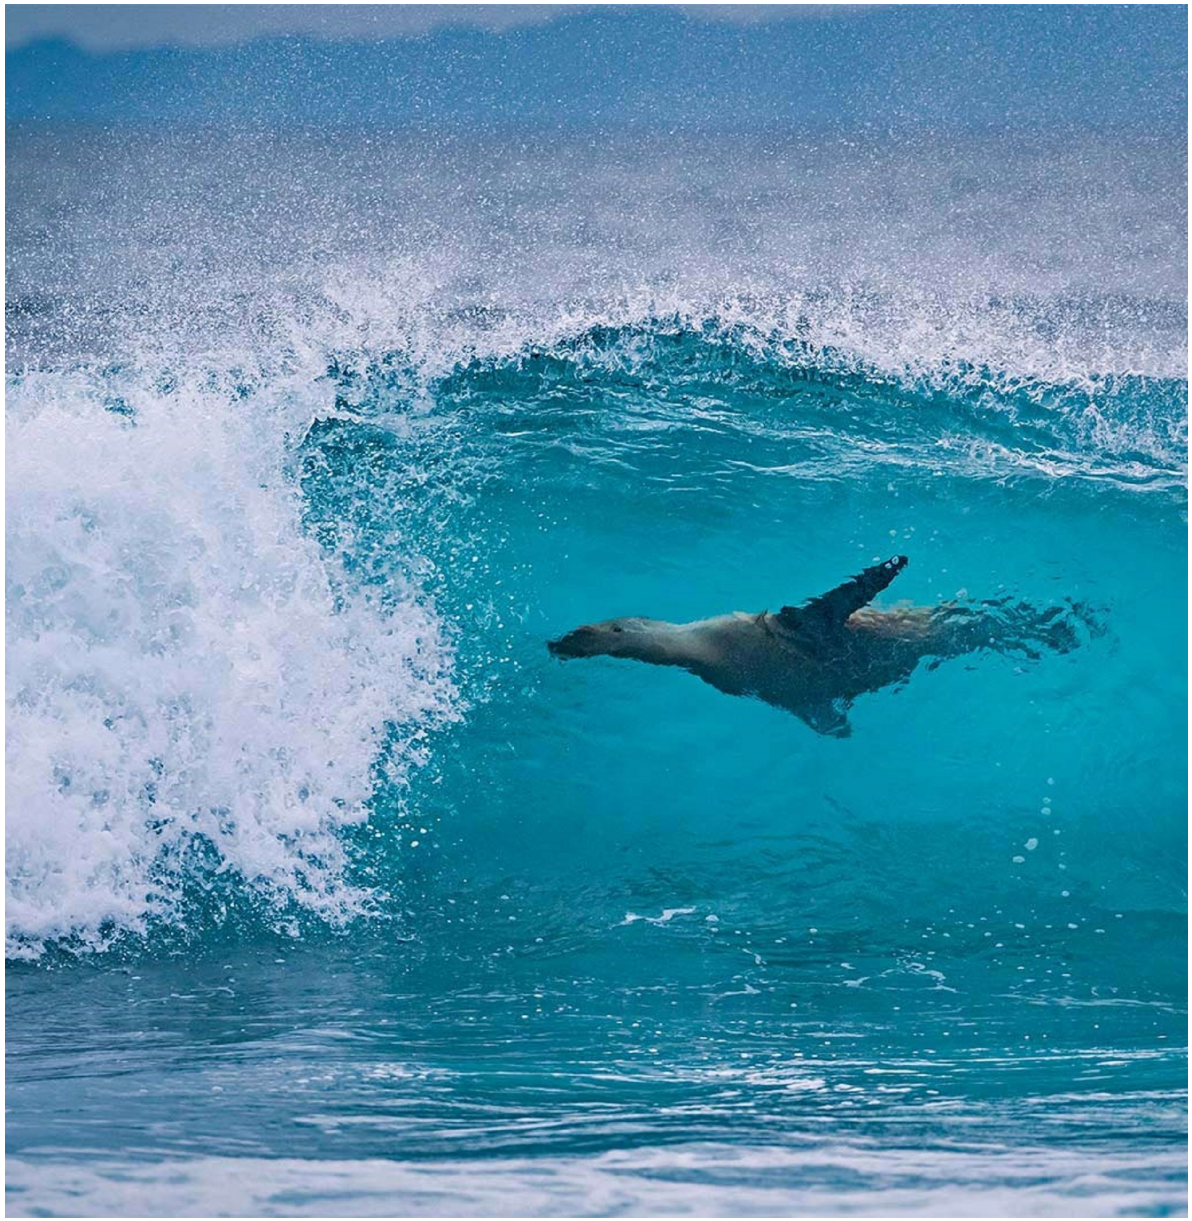

Second payment of $5,625 (Suite) or $4,875 (Stateroom) due 7/15/26

Final payment of $5,620 (Suite) or $4,870 (Stateroom) due 9/15/26

Payable by wire transfer or check only.

Space is limited. To keep this trip intimate and of the highest quality, once the trip is filled, we cannot accept additional enrollment.

Call us at the gallery 831.915.5367 or you can email us at info@earth-expeditions.com to reserve your place.

CANCELLATION POLICY

All payments to Earth Expeditions are non-refundable. Mandatory evacuation insurance is required. Comprehensive travel insurance is highly recommended to safeguard your investment.

Galapagos Infinity Luxury Yacht

capacity - 20, year built - 2018, crew members - 11
length - 161 feet, beam - 33 feet, draft - 8 feet
cruising speed - 10 knots

Newly built, the beautiful 20-guest Galapagos Infinity is one of the newest luxury yachts sailing the Galapagos Islands. Featuring large suites, spacious cabins, private balconies and the bonus of interconnected cabins for families and groups, the Infinity is sleekly suited for Galapagos cruising.

The Infinity's superior guest-to-crew ratio, with 11 crew members to 20 guests, creates an intimate and service-oriented experience. Her spacious decks, lounge area and private balconies afford easy relaxation for all guests traveling together, while her dynamic stabilizers ensure a smooth ride.

Common Areas Aboard Galapagos Infinity

The nautically themed Infinity brings luxury and style to your Galapagos vacation. Her modern design is clean, bright and inviting, with blue, white and gray accents complemented by natural wood flooring and furniture. Leather couches and view windows in the Lounge invite guests to gather, relax and take in the scenery from the Main Deck. The Dining Room's two tables of 10 offer open seating in a relaxed yet elegant atmosphere. Enjoy a drink from the bar or 24-hour coffee and tea. Completing the Main Deck is the outdoor Porch, located at the aft of the yacht, with a restroom, wetsuit storage and comfortable seating.

The Upper Deck hosts a fully stocked outdoor bar with bench seating, as well as the open Bridge. Galapagos Infinity invites her guests to soak in some rays on her Sundeck, with al fresco dining, chaise loungers, cushioned day beds and a Jacuzzi. All equipment aboard Galapagos Infinity meets or exceeds the international SOLAS standard; satellite phone is available.

Dining Aboard Galapagos Infinity

Meals are served in a single seating in the dining room that features panoramic windows and two tables that fit 10 guests each. Some meals are served al fresco on the Sundeck, depending on the weather and itinerary. Fresh juices, fruits, salads and desserts typically accompany each meal. All meals are served buffet style while dinner is a plated affair. Each meal offers a mix of Ecuadorian, American and international fare. With advance notice, the chef can accommodate most special diets. Drinks on offer include sodas, juices and a coffee station. Alcoholic drinks are available an unlimited on this RK-Earth Expeditions charter.

Crew & Guides Aboard Galapagos Infinity

Crew and guides aboard Infinity include the captain, two bilingual Galapagos National Park naturalist guides, a cruise director and 10 other crew members, including the first mate, second mate, chef, sous chef, engineer, assistant engineer, barman and housekeeper.

Activities Aboard Galapagos Infinity

Galapagos Infinity has snorkeling gear and wetsuits available for the duration of the cruise, as well as stand-up paddleboards and four double kayaks for further exploring the Galapagos Islands off the ship. Daily excursions with naturalist guides include hikes to view points and on beaches. Beach towels are provided for use on the deck and on shore.

Cabins & Deck Plan Aboard Galapagos Infinity

Galapagos Infinity features 10 cabins, each with a private balcony, panoramic windows, sitting area, private bathroom, hot water and air-conditioning. Amenities in each cabin include a TV/DVD player, biodegradable L'Occitane bathroom products, hair dryers and safety deposit box. Electrical outlets are 110v in cabins (220v in common areas).

The Complete Package

In addition to our delightful Galapagos charter we have elevated every aspect of our experience and included many added touches in the cost of your trip. Round trip flights from Quito-Guayaquil-Galapagos are now included. All alcohol onboard is now included.

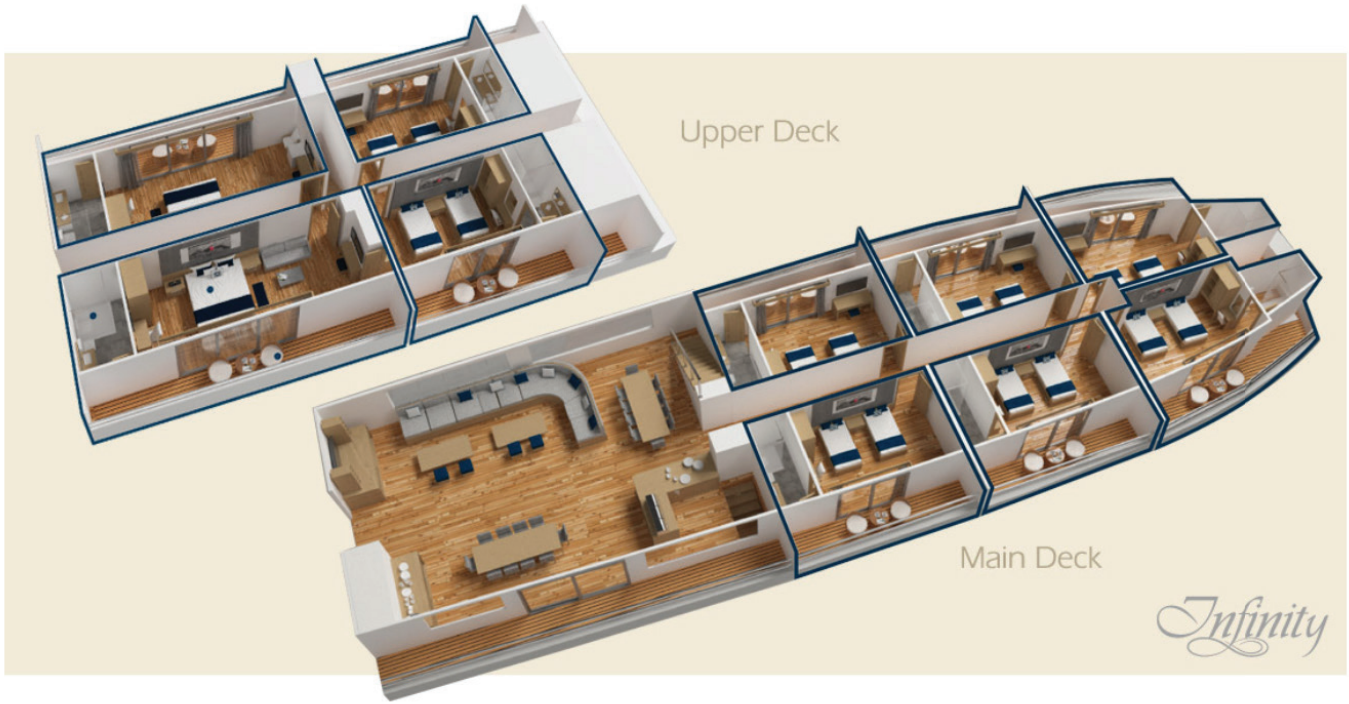

All activities and onboard internet are included. All Galapagos National Park and transit fees are prepaid and included. All transfers to and from the airports to the hotels are included and pre-arranged on your behalf for a more seamless experience.

Not included are international round-trip flights from your home to Quito, Ecuador, mandatory travel insurance, personal expenses and optional gratuities for charter crew.

Day 1:

SAN CRISTOBAL ISLAND

In the morning: San Cristobal airport arrival

You will arrive at San Cristobal Island in the morning.

After passing through immigration and baggage claim, you will be met by a Infinity staff member and transferred to the yacht. You will be shown to your cabin where you will have some time to settle in before lunch and a welcome briefing.

In the afternoon: Puerto Chino

Puerto Chino is located 15,2 miles (24.5 km) away from Puerto Baquerizo Moreno and a few miles from the Breeding Center Cerro Colorado. This walk takes approximately 30 minutes to the beach.

Puerto Chino, San Cristobal Island	
Possible Activities:	Hiking, swimming, snorkeling
Difficulty:	Moderate/Difficult
Type of Landing:	Dry Landing
Highlights & Animals:	White sandy beach, sea birds, snorkeling

Afterwards: David Rodriguez Breeding Center “La Galapaguera”

Breeding Center David Rodriguez - “La Galapaguera”, in Cerro Colorado, is a new visitor site in the southeast part of San Cristobal Island and can now be reached in roughly one hour by road from Puerto Baquerizo Moreno. On the trees and shrubs surrounding the site, you may see land birds like warblers, finches and mockingbirds. Giant tortoises can be observed on the trails. They live there wild but in a protected area to ensure their survival by sealing them off from introduced predators like pigs and goats.

Breeding Center David Rodriguez - “La Galapaguera”, in Cerro Colorado, is a new visitor site in the southeast part of San Cristobal Island and can now be reached in roughly one hour by road from Puerto Baquerizo Moreno. On the trees and shrubs surrounding the site, you may see land birds like warblers, finches and mockingbirds. Giant tortoises can be observed on the trails. They live there wild but in a protected area to ensure their survival by sealing them off from introduced predators like pigs and goats.

David Rodriguez Breeding Center “La Galapaguera”, San Cristobal Island	
Possible Activities:	Short hike (0,6 mi / 1 Km)
Difficulty:	Easy/Moderate
Type of Landing:	Dry Landing
Highlights & Animals:	Giant tortoises, finches, warblers, mockingbirds

Day 2:

SANTA FE AND SOUTH PLAZA ISLANDS

In the morning: Santa Fé Island

Santa Fe Island (Barrington) is home to the small picturesque bay and anchorage on the island’s northeast coast. The bay has two visitor trails: one leading to a scenic viewpoint atop a cliff, and the other spanning from a small beach to a tall prickly pear cactus forest.

Santa Fé Island, Santa Fe Island	
Possible Activities:	Hiking (5 miles / 8 km)
Difficulty:	Moderate
Type of Landing:	Dry Landing
Highlights & Animals:	Land iguanas, giant Opuntia cacti

In the afternoon: South Plaza Island

This small island with steep cliffs was formed by rising lava and is now covered by Opuntia cacti. It is also home to one of the largest sea lion colonies as well as colorful yellow and red land iguanas. The most characteristic plant is the Sesuvium. During the rainy season its color is a greenish to yellowish tone and in the dry season (end of June through January) a bright red.

South Plaza Island	
Possible Activities:	Hike (1.5 miles / 2 ½ km)
Difficulty:	Moderate
Type of Landing:	Dry Landing
Highlights & Animals:	Land iguanas, sea lion colony, Audubon's shearwaters, swallow-tailed gulls, Nazca boobies, amazing landscape with cliffs

Day 3:

SANTA CRUZ ISLAND

In the morning: Fausto Llerena Breeding Center

You will visit "Fausto Llerena" Giant Tortoises Creeding Center in Puerto Ayora, Santa Cruz Island, where giant tortoises are bred in captivity; this is home to tortoises ranging from 3-inches (new hatchlings) to 4-feet long adults. Subspecies of the giant tortoises interact with one another, and many of the older tortoises are accustomed to humans stretching out their heads for a photo opportunity. The babies are kept until they are about four years-old and strong enough to survive on their own.

Fausto Llerena Breeding Center, Santa Cruz Island	
Possible Activities:	Walking
Difficulty:	Easy
Type of Landing:	Dry Landing
Highlights & Animals:	Giant tortoises, finches, Galapagos rails

In the afternoon: Twin Craters

You will visit the Twin Craters located opposite to each other on both sides of the road leading from Puerto Ayora to Baltra. The name is only figurative; not real craters, these formations were created by the collapse of surface material in underground fissures and chambers. The view is breathtaking.

Twin Craters, Santa Cruz Island	
Possible Activities:	Walking and scape viewing
Difficulty:	Easy
Type of Landing:	Dry Landing
Highlights & Animals:	Pit craters, Scalesia Forest

Day 4:

ISABELA ISLAND

In the morning: Moreno Point

Moreno Point is located southwest of Elizabeth Bay. Here a dry landing onto what was once owing lava is possible. The lava has left craters in its wake which formed crystal tide pools. By looking into the pools, you can peer into another world as the marine life drifts by your window. In the brackish pools of this area, you may see pink flamingos, white-cheeked pintails, and common gallinules. If you look carefully into the pools, you may see white-tip reef sharks and some sea turtles.

Moreno Point, Isabela Island	
Possible Activities:	Snorkeling, panga ride & hike (1.2 miles / 2km)
Difficulty:	Moderate/Difficult
Type of Landing:	Dry Landing
Highlights & Animals:	Flamingos, gallinules, pintail ducks, turtles, white-tip reef sharks.

In the afternoon: Elizabeth Bay

Elizabeth Bay is located on the east coast of Isabela Island. The bay contains many islets, which can be visited by dinghy. Penguins and blue-footed boobies can be spotted on the rocky islets. With an abundance of marine life and clear water, the area is perfect for snorkeling and viewing schools of colorful fish, sea lions, and perhaps even sharks.

Elizabeth Bay, Isabela Island	
Possible Activities:	Hiking (1.5 miles / 2 km) and dinghy ride
Difficulty:	Easy/Moderate
Type of Landing:	Wet Landing
Highlights & Animals:	Mangrove forest (unique in Galapagos), sea turtles, penguins, rays, herons and sea lions

Day 5:

ISABELA ISLAND

In the morning: Urbina Bay

Urbina Bay is located at the base of Alcedo Volcano on the west coast between Tagus Cove and Elizabeth Bay. This area experienced a major uplift in 1954 causing the land to rise over 16 feet. The coast expanded half a mile out leaving marine life stranded on the new shore. This area is also a great place for snorkeling.

Urbina Bay, Isabela Island	
Possible Activities:	Snorkeling, dinghy ride & hike, 2 trails: short (0.6mi/1 km), long (1.9mi/3km)
Difficulty:	Easy/Moderate
Type of Landing:	Wet Landing
Highlights & Animals:	Land iguanas (the biggest in the Galapagos), hawks, coral reef, giant tortoises; snorkeling: turtles, rays, tropical fish

In the afternoon: Tagus Cove

In the morning, you will visit Tagus Cove on Isabela Island which is located across from Fernandina Island, near the Bolivar Channel dividing the two islands. This spot has been frequented by ships since the 1800s, using the area as an anchorage site. Trails winding by Lake Darwin up to a ridge display wonderful views.

Tagus Cove, Isabela Island	
Possible Activities:	Long hike, snorkeling, panga ride, kayaking (depending on weather conditions and time availability).
Difficulty:	Moderate/Difficult
Type of Landing:	Dry Landing
Highlights & Animals:	Penguins, flightless cormorants, Darwin Volcano & Lake

Day 6:

FERNANDINA AND ISABELA ISLANDS

In the morning: Espinoza Point

Crossing the Bolivar Channel that divides Isabela and Fernandina Islands, you will land at Espinoza Point, and after walking past a colony of marine iguanas and a group of sea lions, you will reach the island's highlight: the flightless cormorant nesting site. This area also provides a great opportunity to see the Galapagos hawk.

Espinoza Point, Fernandina Island	
Possible Activities:	Hike (approximately 1.2 miles / 2 km)
Difficulty:	Moderate
Type of Landing:	Dry Landing
Highlights & Animals:	Flightless cormorant, marine iguanas, 'a'ā lava, sea lions, penguins, active volcano "La Cumbre".

In the afternoon: Vicente Roca Point

Comprised of two separate coves, Vicente Roca Point is a large bay with spectacular sea life. Keep an eye out for seahorses, sea turtles, and the strange yet fascinating Mola mola (or sun fish) while you snorkel.

Vicente Roca Point, Isabela Island	
Possible Activities:	Snorkeling & dinghy ride
Difficulty:	Easy/Moderate
Type of Landing:	No Landing
Highlights & Animals:	Penguins, blue-footed boobies, terns, Nazca boobies, two types of sea lions. Sea turtles, rays and puffer fish.

Day 7:

SANTIAGO AND BARTHOLOMEW ISLANDS

In the morning: Egas Port

Egas Port, also known as James Bay, on Santiago Island is home to the curious Galapagos hawks and quick-footed Galapagos lava lizards. The trail leads to the coastline with gorgeous tide pools and grottos full of fauna. Here the Galapagos furseals bathe in the sun. This is also a great snorkeling site.

Egas Port, Santiago Island	
Possible Activities:	Snorkeling, hiking (1.2 miles/2 km)
Difficulty:	Easy/Moderate
Type of Landing:	Wet Landing
Highlights & Animals:	Furseals, Galapagos sea lions, tidal pools and grottos, Galapagos hawks, oyster catchers, marine iguanas, finches; snorkeling: reef sharks, turtles, rays, nice underwater formations.

In the afternoon: Pinnacle Rock

You will head to Bartholomew Island where the famous Pinnacle Rock is found. Bartholomew consists of an extinct volcano with a variety of red, orange, black and even green volcanic formations. We will take a trail of stairs to the summit of the volcano (about 30 or 40 minutes) where you will enjoy one of the best views of the islands! You will also visit a small, beautiful beach surrounded by the only vegetation found on this barren island. The beach is perfect for snorkeling where you may even see and swim with Galapagos penguins.

Pinnacle Rock, Bartholomew Island	
Possible Activities:	Dinghy ride, snorkeling & hiking (1.2 miles/ 2 km)
Difficulty:	Moderate/Difficult
Type of Landing:	Dry & Wet Landings
Highlights & Animals:	Pinnacle Rock, panoramic view, moonlike landscape, penguins, pioneer plants, lava cactus; snorkeling: penguins, reef sharks, rays, and great colorful fish.

Day 8:

NORTH SEYMOUR ISLAND

In the morning: North Seymour

In North Seymour you may see Galapagos sea lions, blue-footed boobies, and magnificent frigate birds which are abundant on this island. North Seymour was formed by a series of submarine lava flows containing layers of sediment that were uplifted by tectonic activity. The island is characterized by its arid vegetation zone.

North Seymour Island	
Possible Activities:	Dinghy ride & hiking (1.5 miles / 2.41 km)
Difficulty:	Moderate/Difficult
Type of Landing:	Dry Landing
Highlights & Animals:	Land & marine iguanas, frigate birds, blue-footed boobies, sea lions; snorkeling: rays, reef sharks, fish, garden eels.

Afterwards: Baltra Airport Departure

After this final visit, you will be transferred to the Baltra airport in time for your flight back to the mainland.
